Dear Dr. Villena:

I am pleased to inform you that the request to become an official AACE Chapter has now been approved at all levels of AACE. You are free to begin conducting activities as the Peruvian Chapter of AACE at your discretion.

Included with this letter is a copy of International Chapter Development Guidelines. This document will assist you as you plan the chapter's next steps. Please know that Ms. Julie Cockley of the AACE Staff is available to assist the chapter in any way possible. In accordance with AACE policy, Julie will be in contact with you annually to help facilitate a report to AACE on the chapter's activities.
